

Who we are?

Since 1996, Khateeb Medical Center has stood as more than a medical destination it has been a place where care meets trust, and medicine meets humanity. With decades of dedication woven into every patient journey, our center was built upon a vision of excellence, compassion, and timeless professionalism. Today, we proudly offer a complete spectrum of advanced healthcare services in dermatology, dentistry, and gynecology, supported by modern facilities, refined expertise, and a patient-centered philosophy that has remained unwavering through the years. Every treatment we provide reflects our commitment to precision, comfort, and confidence because we believe healthcare should heal not only the body, but also reassure the soul. At Khateeb Medical Center, legacy is not measured by years alone, but by the countless smiles restored, confidence renewed, and lives touched since the day our doors first opened.
